Chairman Arthur Von Plachecki call to Order at 6:55

Discussion of the Housing Commission Survey results:

Surveys that included written comments were scanned and sent to the Commission. There was a general discussion of the comments. It was agreed that many of the comments expressed similar interests and concerns. For example, a number of respondents expressed concern over changing the rural atmosphere of Sherman. It was decided that the commission would, to the extent possible, summarize similar comments to further refine and understand the survey results.

Chairman Von Plachecki distributed a draft of the Commission's report to be provided to the Selectmen at the next meeting scheduled for Thursday June 23rd.

Donna Tuck moved to adjourn the meeting at 8:00 PM.

There were no public comments.
